To Whom it may concern.

19 November 2019.

Agrisens Food company limited.

According to your email from Thailandia import informing us in regard of the Pesticide Analysis at your end, in Denmark that our screen result did not cover for some pesticides.

As a consequence, we have now acknowledged about this problem and rectified the issue by immediate changing the analysis method which is called "Multi-Pesticide Residues (483 items), please see attached relevant document" and this will cover all mentioned pesticides as to meet your requirements.

Best regards.

Ongard Rattanasimontree.  
Chief Executive Officer.  
Agrisens Food company limited.
